Pursuant to the Notice regarding Information Disclosure Statements appearing in 1276 OG 55, dated August 5, 2003, no copy of each United States Patent listed on the Form PTO/SB/08A is included herewith.

The references identified on Form PTO/SB/08A were identified in either an International Search Report dated October 31, 2003 or a German Office Action dated December 18, 2002, copies of which are enclosed herewith. The relevance of DE 3832412; DE 3308112; and EP 0536082 is indicated in corresponding English-language abstracts enclosed herewith. No corresponding English-language patent, abstract, or partial translation of DE 9005581; DE 7023972; DE 7135887; and DE 8106424 is readily available to the Applicant.

The references cited in the International Search Report have all been designated as "Category A" references, indicating that these references are not considered to be of particular relevance. Furthermore, the International Preliminary Examination Report (IPER) dated March 16, 2004, indicates that the claims in the PCT application meet the international standards of patentability. The claims in the present application are similar to the claims filed in the PCT application, and should be in condition for allowance for the same reasons set forth in the IPER. A courtesy copy of the IPER is enclosed herewith for the Examiner's convenience.

Pursuant to 37 C.F.R. § 1.97(b)(3), no fee is believed to be due for the submission of this Information Disclosure Statement as it is being submitted before the mailing date of a first Office Action on the merits. Nevertheless, the Commissioner for Patents is hereby authorized to charge any fees which may be required to Deposit Account No. 23-0650. One (1) original and two (2) copies of this Information Disclosure Statement are enclosed.

Respectfully submitted,
